FOR IMMEDIATE RELEASE

JLT Mobile Computers Named To Inc. 500 List For Third Consecutive Year

Four Year Sales Growth Reaches 397%

TEMPE, AZ.—August 24, 2006—JLT Mobile Computers, a leading provider of rugged, wireless mobile computers built for use in challenging environments, today announced that it has been named to Inc. Magazine's "Inc. 500" list of fastest-growing private companies in the U.S. for the third consecutive year. JLT, ranked #343 on the list, is the sixth fastest-growing company in the Computers & Electronics category.

The Company's sales grew 397% percent during the four-year period since 2002. To be eligible for the annual list, companies must be privately held and have had at least \$500,000 in annual revenues in the base year of 2002, with 2005 sales exceeding the previous year.

"We are pleased to be honored once again by this ranking. This year, JLT saw continued growth and a surge of new market opportunities," said CEO & Founder Todd Einck. "In response, we have doubled the capacity of our facilities and are continuing to develop new and innovative, rugged mobile computing solutions for our customers in unconventional environments, such as warehousing, utilities and the military."

About JLT Mobile Computers, Inc.

JLT Mobile Computers, Inc. is a leading provider of rugged, wireless mobile computers built for use in challenging environments. Designed from the ground up, the Company's full line of durable mobile computing solutions range from the world's toughest, one-piece computers-fixed mounted in vehicles and heavy equipment-to lightweight, handheld tablet PCs used to optimize field operations. JLT's versatile products bring efficiency and reliability to mobile data communications for customers in a breadth of industries including public safety and military, warehousing, transportation and construction. Headquartered in Tempe, AZ, JLT is a privately-held company. For more information about the company, visit www.jltmobilecomputers.com.
